A team composed of players and officials from the Birkirkara Volleyball Club won the first edition of the Social League organised by the Malta Volleyball Association for season 2009-2010.

The team ably led by Birkirkara coach Stefan Decelis managed to overcome all the other teams taking part in this activity. The other Birkirkara team finished in third place.

Teams taking part in this activity were composed of registered and non-registered players, with each team having a minimum of 3 female players on court all the time.

Social Leagues are organised by the M.V.A. during the season to encourage more and more individuals take part in volleyball activities. Rules are modified so that all the teams take part in as many different matches as possible.

The next Social League is targeted for February 2010.
